

CURRICULUM VITAE
Of
Sedigheh Iranmanesh

Personal Information

Given name	Sedigheh
Surname	Iranmanesh
Date of birth	1st Feb 1974
Gender	Female
Marital status	Married
Address	Razi Faculty of Nursing and Midwifery, Kerman University of Medical Sciences, Haft Bagh Blvd., 76169, Kerman, Iran
E-mail	s_iranmanesh@kmu.ac.ir se.iranmanesh@yahoo.com
Mobile	+98 913 532 4713
Work Phone	+98 341 3205219
Fax	+98 341 3205218
Current Position:	Associate Professor in Nursing and Midwifery Faculty, Kerman University of Medical Sciences, Kerman, Iran

Education

PhD	Nursing, Feb 2009, Luleå University of Technology, Sweden
MSc	Medical-Surgical Nursing Education, 2002, Razi Faculty of Nursing and Midwifery, Kerman University of Medical Sciences, Kerman, Iran
BSc	Nursing, 1996, Shiraz University of Medical Sciences, Shiraz, Iran
High school	Natural Science, 1992, Shohada-28 High school, Kerman, Iran

Computer skills

General knowledge of Windows XP and Seven, MS Office, SPSS, Minitab

Practical and academic Experiences

Practical experiences

1997-1999	Two years experience of working in Shahid Beheshti psychiatric hospital, Kerman, Iran
2002	Two months experience of working in Shahid Chamran hospital, 2001, Tehran, Iran
2010 - 2014	Experience of supervision of last year Bachelor nursing students in different wards such as: Medical-Surgical, Neuro- surgery, ENT, CCU, ICU, and Oncology, Kerman, Iran
2012 - 2014	Two years experience of working as a palliative care nurse in oncology ward, Kerman, Iran
2014-2016	Meeting with cancer patients and involving them in group discussion to share their experiences and learn from each other one a week. Those who had radical remission participate in these meetings and supervised the group discussion. They much talk about mind-body-spirit relationship. They all agreed that the affections play an important role in cancer incidence and its cure. The last meetings and discussions were tape recorded and are analyzing by PhD students. They are working on them and tried to report them asap.

Academic experiences

2016	One month living in Lund, Sweden to meet Prof Birgitt Rasmussen, visit palliative care unit and get valuable experiences in this topic.
2014	Two weeks living in Drammen, Norway and meeting with Prof Hilde Eide to learn from Norwegian palliative care experiences.
2009 - 2014	Four years experience of teaching of different BSc, MSc and Doctoral courses in Razi Faculty of Nursing and Midwifery, Kerman University of Medical Sciences
2010 - 2014	3.5 years experience as the head of Faculty of Nursing and Midwifery, Kerman University of Medical Sciences, Kerman, Iran
2008	Collaboration in teaching a course entitled: "palliative care" in one semester, Department of Health Science, Division of Nursing, Luleå University of Technology, Luleå, Sweden
2006-2007	Collaboration in teaching a course entitled: "Culture and Health" in three semesters, Department of Health Science, Division of Nursing, Luleå University

of Technology, Luleå, Sweden

2003 One year experience of teaching medical-surgical courses in Semnan Azad University, Semnan, Iran

1999-2001 Two years experience of teaching different medical-surgical courses in Zarand Azad University, Kerman, Iran

PhD thesis supervised

Tirgari B 2013 *Developing and testing spiritual care questionnaire*

Rashidi M 2015 Loss: parents' experiences after Bam earthquake: a phenomenological study

Dehghan ML 2015 Developing and testing an instrument to assess hypertensive patients' adherence to the treatment. A mixed method study

Ghalje M 2016 Developing and testing oncology nurses' perception of end of life care scale. A mixed method study

Seied Bagheri Personal growth among CPR survivors: a mixed method study

PhD thesis under supervision

Khoshnood Z *Developing and testing cancer patients' needs scale. An exploratory mixed method study*

Seid Bagheri H Personal growth: CPR survivors' experiences. An explanatory mixed method study

Razban F Authenticity: Cancer patients' experiences. An explanatory mixed method study

Bahaadini N *Developing and testing spiritual awakening scale among Narcotic anonymous addicts. An exploratory mixed method study*

Mazhari F *Coping strategies and mechanisms among parents of pediatric cancer patients. An explanatory mixed method study*

Ebrahimi Z *Rumination among cancer patients: a mixed method study*

M.Sc. thesis supervision

Rafiei H.	2010	Normal saline instillation with suctioning and its effect on oxygen saturation, heart rate, and cardiac rhythm
Eshghi F	2011	Gentle Human Touch and Yakson: The Effect on Preterm's Behavioral Reactions
Tajadiny M	2011	The Comparison of the effects of Chlorhexidine Mouthwash Alone and Chlorhexidine Mouthwash Followed By Oral Suctioning on Oral Hygiene of Critically Ill Patients
Eslami H	2011	Critical care nurses' moral distress in South-East of Iran
Karimi T	2012	Life satisfaction and death anxiety among elderly patients in Isfahan
Razban F	2012	Critical Care and Oncology Nurses' Knowledge and attitudes regarding palliative care and their view about barriers of providing such care
Sheikh Bardsiri H	2012	Post-traumatic stress disorder among paramedic and hospital emergency personnel in South-East of Iran
